Welcome to Doggy Dessert Chef, my adventures in baking for those who really appreciate my efforts, my dogs! I'm Tennille Harron and I create and share my own recipes along with my pups adventures.

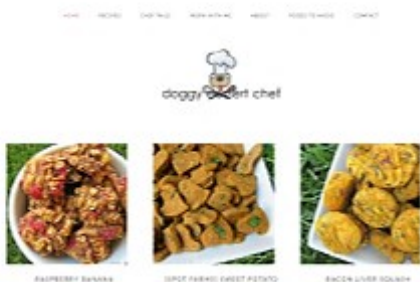

I'm not a chef but my goal is to help make dog owners feel like they are. No matter what the treats look like or how many times you set off the smoke detector your pups will think it's delicious, and you'll feel better knowing exactly what's going into the treats you're feeding them.

Meet Rose. She's a two year old Scorpio that enjoys long walks .. anywhere! She's high energy and a heavy chewer who will sleep anywhere and eat anything.

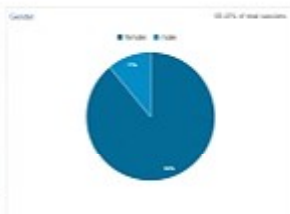

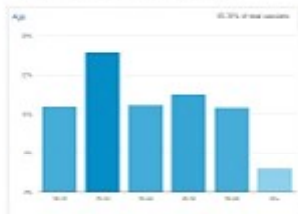

This is Pee Wee. He's eight years young and hes idea of a good time involves naps and food. He's a picky boy but he's got a lot of patience, which is perfect for photography

## my blog

Started in September of 2009 I have shared over 650 original dog treat and biscuit recipes on Doggy Dessert Chef (www.doggydessertchef.com).

I make use of common household ingredients as well as more exotic fair so I make sure there is something for every pup. I also have several 'sensitive' categories for pups with allergies

- Recipe Development
- Sponsored Posts
